

Charles Myadze Statement

I am disappointed and saddened by the actions of this accuser, whom I deny abusing, physically or otherwise, during our relationship, which ended over an decade ago. As for the alleged, unnamed “others,” who are referenced but never identified, and whose alleged claims are never even articulated, much less substantiated, there is no way to possibly respond.

The 22-year-old incident that did occur was unfortunate, and one for which I took my share of responsibility, resolving the matter via an agreement recommended by legal counsel, and which resulted in expungement of the charge from the record.

Given the circumstances, I can only conclude that the motives behind these recent attacks are political. And if any allegation against me is actually made in a proper forum, I look forward to addressing the matter in Court.

I am honored to serve this City, and especially the constituents of my district as their elected member on the Madison Common Council.
